Electricity prices  
start as low as

**13.8¢**  
per kWh

## The Power is in Your Hands. Call or Visit Pocket Power™ Now.

Pocket Power brings no hassle power to the people with easy access and pre-paid freedom. At Pocket Power, you're in control. No credit checks, contracts, high deposits, or ID required. Just make one call, and our helpful Pocket Power people will get your account set up fast and easy.

### We Make Switching Easy.

You can activate your account by phone or in person at your Pocket Wireless / Pocket Power store. Our friendly representatives will help you with everything. It's as easy as 1, 2, 3.

- 1 Tell us where you live.** You only have to give us some simple information about your residence so that your payment can be calculated for your first payment. No ID is required.
- 2 Pay an estimate of your first bill.** Your first bill is estimated based on the number of rooms. Then you pay monthly, based on the amount of electricity you actually use.
- 3 We'll turn your power on.** In 3–5 working days, the switch over is done. Thereafter, you can make your monthly payments at any Pocket store. Yes, it's that easy.

# Take Charge and Power Up Today!

It's time to take charge of your electricity on your own terms—with smart, simple Pocket Power.™ Sign up today so you can get back your deposit from your current provider sooner. Pocket Power is available for everyone—those in homes, duplexes, apartments, and mobile homes.

**Now the Power  
is in your hands!**
